THE GARY SEVEN BOOK OF JOKES

Volume 2

Hello everyone. This is your wonderful host, Gary Seven. I got several compliments about my first book of dad jokes. So, just for you, here is book 2 with more jokes. I hope you enjoy.

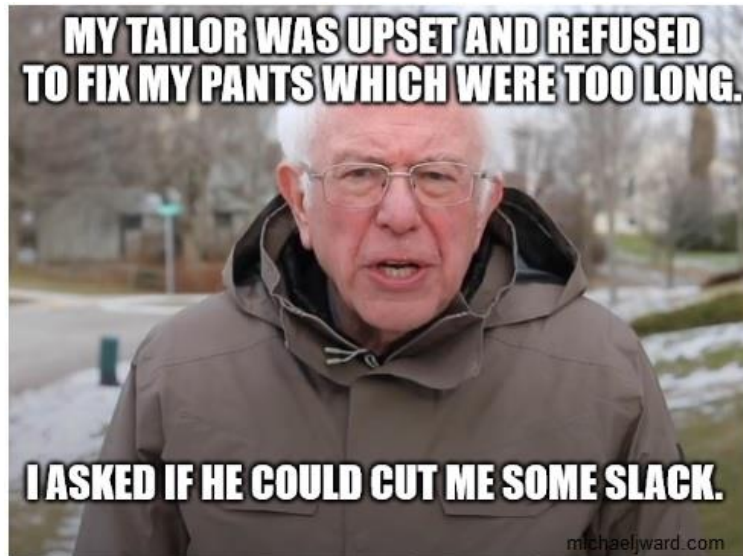

My friend is scared of elevators. He's taking steps to avoid them.

I meet girls at the bakery. My dad said to find a girl that has a lot of bread.

I really enjoy telling dad jokes. Sometimes, he even laughs.

Today, I learned how to make an egg roll. Just push it.

Always give a girl a bottle of tonic water. That way you can Schwappe her off her feet.

I hate hidden microphones. They bug me so much!

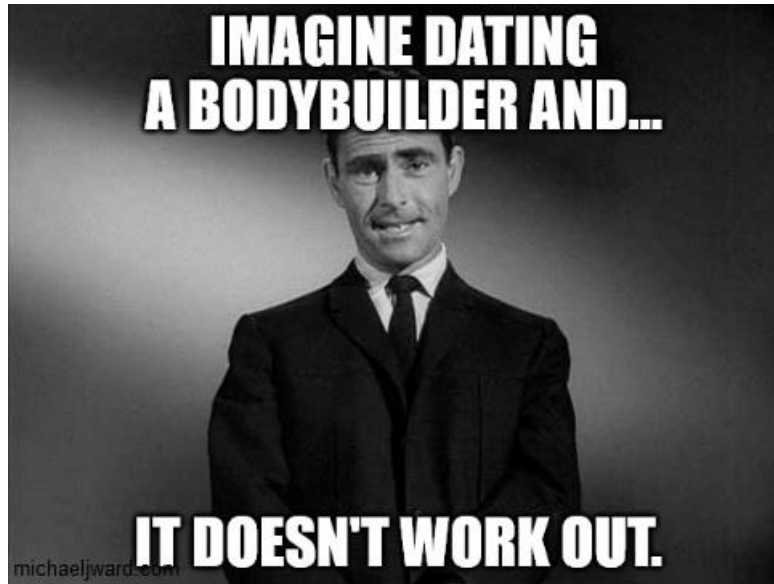

My friend used to enjoy Snoopy & Charlie Brown comic strips. However, lately he's been getting a rash after reading them. I think he has developed an allergy to Peanuts.

I asked a beekeeper for 12 bees. I counted and he gave me 13. I told him, "That's a freebie."

Police arrested a dry cleaner for laundering money. A deal is being ironed out.

My friend told his boss that he needed to take a sick day because his eyes hurt. He couldn't see himself going.

Got my stimulus check on St. Patrick's Day. Call that the luck of the IRS.

Today, a very pretty girl checked me out. The total was \$28.99.

Looking to hire someone to change the channel and volume on my tv. Must be able to work remote.

My friend has the worst sense of direction. I'm not really sure where he's going with this.

I think my wife has been putting glue on my weapons collection. She denies it, but I'm sticking to my guns.

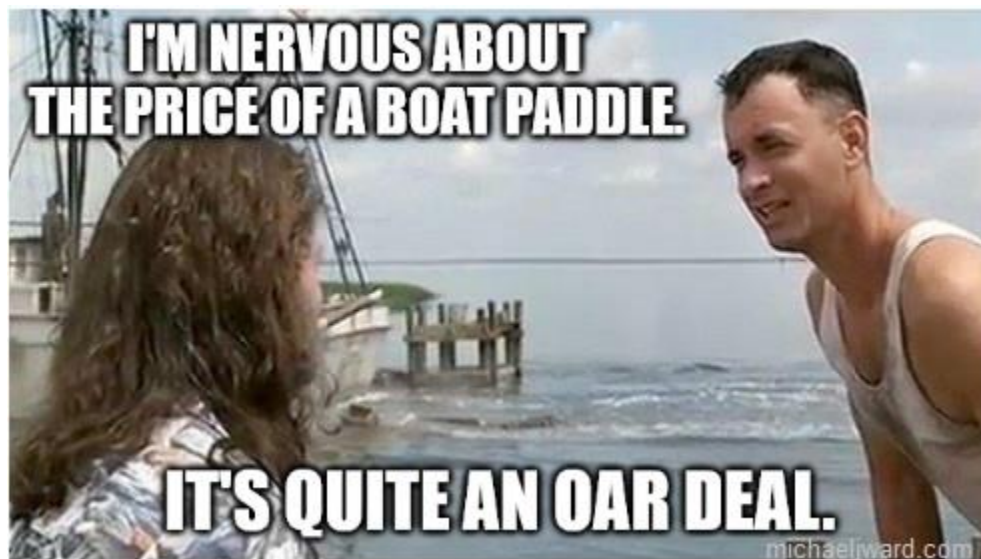

You should show respect to people that wear glasses. They paid money to see you.

My girlfriend, Ruth, decided to leave me. Now, everyone says that I'm ruthless.

I don't understand the term "cash cow." Sounds like utter non-cents to me.

Why was the chimney sick? Because it had the flue.

Question: If you get sick in space, are you under the weather?

Don't get sick at an airport. They may list it as terminal illness.

A doctor asked my friend if he smoked or drank alcohol. He said that he drank it.

I'm sick of cocaine dealers... always sticking their business in other people's noses.

Mr. T sent me a letter in the mail saying that he was getting rid of all his gold necklaces. He wanted me to share my mail with ten of my friends. It was a chain letter.

My girlfriend thinks that I don't respect her privacy. At least that's what it said in her diary.

I used to open so many cards on Valentines Day. Eventually the post office fired me for it.

I used my stimulus check to purchase baby chickens. Money for nothing, and the chicks for free.

What did the doctor say when a sick Pokémon entered his office? Let me take a peek at you.

My wife asked me if I'd seen the cat bowl. I said I didn't know he could.

Sometimes, my friend goes out and commit crimes. Just to feel wanted.

My father brought me a backpack from Iraq. I told him, "Thanks for the Baghdad."

Did you hear about the rubber airplane? It was a Boing 747.

Never invest in waste management companies. All those companies are trash.

Every day I go down to the harbor and throw fish to a baby dolphin. I was told it's a waste of time. Hey, at least I'm serving a youthful porpoise.

A new air filtration system has possibly been the biggest waste of money I've had. It just sits there and collects dust.

I spent too much money on pasta. But it was worth every penne.

For Valentine's Day, I bought my girlfriend beads for abacus. It's the little things that count.

Q: How did the tree feel in the spring?

A: Released.

Did you hear about a cowboy who wore paper trousers, paper hats and a paper shirt? He was arrested for rustling.

If you play golf, you always want to bring an extra pair of pants. You never know when you are going to get a hole in one.

I refuse to spend money for Velcro pants. What a rip off.

When Bruce Banner changes into the Incredible Hulk, he never rips his pants. That's because the radiation altered his jeans.

I won't tell my son any cow stories before he goes to sleep. I tell him, "It's pasture bedtime."

Always wear a belt so that your pants don't fall down. I learned that many moons ago.

I hear people commenting about "The Eye of the Tiger." But they never comment about the other four letters.

I got rid of my rooster and purchased a duck. I now wake up at the quack of dawn.

I got a new pair of gloves today, but they're both 'lefts'. On the one hand, it is great, but on the other it's just not right.

My dog ate a whole bag of Scrabble tiles. I took him to the vet. No word yet....

Never trust an Oscar award winner. They're always acting out.

I stood up to salute at a ceremony in China. That was my first red flag.

Plumbers should get a 21-gun salute at their funeral. After all, they were killed in the line of dooty.

I'm skeptical about buying sushi. It sounds a bit fishy.

I like bad eyeball jokes. The cornea the better.

I hope I can find the right spice for my dish. Only thyme will tell.

I asked my doctor why he would hit someone on the knee with a small rubber hammer. He said "just for kicks"

THANK YOU
GARY SEVEN
